6. The personal data collected from you (Registration Data, Order Data and User Data) are stored lawfully and as specified by the applicable data protection provisions. Your data will, of course, be treated confidentially.

### C. PURPOSES OF DATA PROCESSING AND LEGAL BASES

1. Your Registration Data and Order Data will be used to perform the agreements concluded between you and us, particularly for delivering ordered products to the address provided by you.

The legal basis for this processing is performance of the agreement, respectively conducting precontractual activities. The provision of these personal data is a contractual requirement. If you do not provide these personal data, you cannot set up a customer account or order any products, as applicable.

2. If we have received your e-mail address in connection with the purchase of a product or service, we will use your e-mail address for advertising similar products or services of our own. You can opt out of this use of your e-mail address for these purposes at any time without incurring any cost other than the applicable transmission costs at the basic rates. The legal basis for this processing is our legitimate interests in processing personal data for direct advertising.
3. Furthermore, provided you have given your consent, your data may be used for purposes of internal marketing research or designing our product line to meet our customers' needs, as well as for sending e-mails containing information about our offerings, i.e. products and services that may interest you (e.g., tours).

For purposes of market research and to design our product line in a goal-oriented manner so as to meet our customers' needs on all our sales channels, your data, which have been collected via several different communications channels and systems for mail order, over-the-counter trade and online trade, will be merged into a centralised electronic customer database, analysed and used for marketing campaigns. The legal basis for this processing is your consent.

4. Provided you have given your consent, in addition to the data transmitted by you, automatically generated data will also be collected and utilised to design advertising tailored to you. These include, for example, e-mail receipt and read confirmations, information about the computer and operating system used, orders already placed, date and time of your visit to our website, as well as products viewed by you. The legal basis for this processing is your consent.
5. To the extent technically possible and reasonable, you can also use our website anonymously or under a pseudonym.

#### **D. Recipient**

1. Your Registration Data, Order Data and User Data will be processed by persons in departments of Mammut who need to know the personal data.
2. Your Registration Data, Order Data and User Data will also be transmitted to affiliated companies of Mammut, particularly to Mammut Sports Group AG, Birren 5, 5703 Seon, Switzerland and Mammut Sports Group GmbH, Mammut Basecamp 1, 87787 Wolfertschwenden, Germany. Disclosure to Mammut Sports Group AG and Mammut Sports Group GmbH is made for the purpose of centralised storage, evaluation and management of administrative tasks, as well as for marketing purposes. The legal bases for the disclosure are the legitimate interests of Mammut, Mammut Sports Group AG and of Mammut Sports Group GmbH, particularly internal management purposes, as well as marketing purposes. Switzerland is a third country according to the applicable data protection law, however, the EU Commission has issued an adequacy decision for Switzerland. Your data will be transmitted to Switzerland and stored there securely.
3. For purposes of delivering goods and processing payments, we transmit the necessary data to logistics companies and payment service providers. These service providers are carefully selected and contractually obligated to treat your data confidentially and to use them exclusively for purposes of making the delivery or processing payment, as applicable.

4. Furthermore, unless this Data Protection Policy specifies otherwise, we will only disclose your personal data to third parties if we are authorised or obligated to do this based on legal provisions or official or court orders or if you have given us your express consent to do this.

#### **E. IDENTITY AND CREDIT CHECK**

1. If we are required to provide our service in advance, for example, in case of a purchase on account, we may carry out a credit check with a credit agency in order to uphold our justified interests on the basis of mathematical and statistical processes, if applicable. To this end, Mammut will provide your name, postal address, shopping cart, the invoice amount, your customer history (i.e., whether, by the time of the purchase, Mammut has had positive or negative payment experiences with you), and, if direct debit is used, your bank details and, if necessary, your date of birth, to carefully selected service providers. These service providers will verify whether any negative indicators exist regarding your credit and then determine your "score value". The "score value" utilises known empirical values and a mathematical statistical procedure, including the use of postal address data, to predict the risk of potential non-payment. If the outcome of the credit check is negative, you will only be offered the option to use payment methods in connection with which we do not provide our service in advance. If the outcome of the credit check is positive, we will provide the service in advance. The legal bases for the disclosure of your personal data to selected service suppliers and for processing the scoring value are our legitimate interests, particularly protecting against non-payment and preventing fraud, as well as the legitimate interests of consumers, such as protecting against excessive debt.
2. If you choose one of the payment options of our partner [Klarna Bank AB \(publ\)](#), Sveavägen 46, 111 34 Stockholm, Sweden, you will be asked during the ordering process to agree to the transmission to Klarna of the data necessary for the processing of the payment and for an identity and credit check. If you give your consent, your data (name, surname, street, house number, postal code, city, date of birth, telephone number and, in the case of direct debit purchases, the bank account details provided) and data relating to your order will be transmitted to Klarna.
3. For the purpose of its own identity and credit checks, Klarna or partner companies commissioned by Klarna will transmit data to credit agencies (inquiry agencies) and receive information from them as well as, if applicable, credit information based on mathematical-statistical methods, in the calculation of which, among other things, address data are included. Detailed information on this and the credit agencies used can be found in the privacy policy of [Klarna](#).
4. Klarna may also use third party tools to detect and prevent fraud. Data obtained with these tools may be stored by third parties in encrypted form so that they can only be read by Klarna. Only if you select a payment method of our cooperation partner Klarna, this data will be used, otherwise the data will expire automatically after 30 minutes. The legal basis for processing and transmission is the consent.

#### **F. NEWSLETTER**

1. If you register for the Mammut newsletter and have consented to receiving newsletters and advertising e-mails, we will use your e-mail address for internal advertising purposes. You can opt out of delivery of the newsletter and the use of your e-mail address for advertising purposes with prospective effect at any time by clicking on the link included in the newsletter or in the promotional e-mails or via e-mail to [privacy@mammut.com](mailto:privacy@mammut.com). We will also notify you

separately of this right to opt out in the e-mail that accompanies our newsletter and in all other promotional e-mails. The legal basis for the processing of your personal data is your consent.
